

Dear FCC,

I have XM Radio in my cars and benefit from the traffic and weather channel that is broadcast continuously on XM radio. AM/FM stations have the traffic and weather every 10 minutes and with conditions in Houston those 10 minutes may mean being held up in traffic for a long time. I pay for this service, and since I do, the FCC should not tell me what to listen to and what station to listen to unless it violates the law.

I respectfully request that you reject NAB's petition 04-160 and allow me to listen to what I pay for when I want and need to listen. The National Association of Broadcasters has no right and should not be able to dictate to me what I can listen to.

Sincerely,

Thomas G. Boyd
